## Information for you

### WELCOME

It is great to have returning and new students on our campuses again. A new season is about to begin and also a new beginning for you. To assist you:

1. Talk with your advisors, about a plan of action. Check out all your options.
2. Talk to counselors for support and/or clarification of school work and activities.
3. Talk with your instructors to make sure you understand assignments and activities for classes.

### The South LRC has grown!!

Construction has finally stopped but we have not moved into the different locations this semester.

New book shelves have been requested but will but will probably won't arrive until the end of the year. We will soon have our old book shelves in place and spread our wings.

The main entrance will be the same as in years past and will be well marked with new signage. Please excuse our "mess" and we will try to be under normal operation before the middle of September, 2008..
