

Spring Semester 2010 Information Packet

Information included in this packet:

Internet Courses:

Registration and Orientation Information
Course Details

Hybrid Courses:

Registration and Orientation Information
Course Details
Schedule of Courses (includes on-campus meeting schedule)

Telecourses:

Schedule of Courses (includes on-campus meeting schedule)

How Do I Do That?

Computer Software Questions Answered

NOTE: Please view the online Spring Semester 2010 schedule (see WebAdvisor) for up-to-date Distance Education course offerings.

Visit our website at

<http://www.rowancabarrus.edu/distance/>

Reminder: It is the sole responsibility of the student to read and follow all RCCC policies and procedures as stated in the RCCC Catalog and Student Handbook, *Academic Information and Policies Section*, and as posted online on the RCCC website.

Spring Semester 2010: I want to take an Internet Class, *what do I need to do?*

Step One: Qualify

Be sure you meet the:

- **Academic prerequisites** specific to the class(es) you are interested in taking.
- **Academic and Skill Requirements** (*details listed on the reverse of this page*).
- **Specific Course Requirements** in addition to the basic computer requirements.
 - Requirement details: <http://www.rowcabarrus.edu/distance/courseregs/>

Step Two: Register and Pay

Please contact your advisor if you have any questions about these processes.

Step Three: Complete Orientation

Orientation details: <http://www.rowcabarrus.edu/distance/orientations.html>

16-week classes and 1st 8-week minimesters orientation begins Noon, January 6, 2010

Registered January 11-12?

- *Orientation access begins Noon, January 13-14*

2nd 8-week minimester orientation start date: Noon, March 15

Registered March 15? Orientation access begins Noon, March 16

Students who are new to Internet classes at RCCC are advised to complete the Internet Orientation prior to accessing their Internet classes.

Step Four: Access your class(es) in Blackboard!

Login access to Internet classes begins for 16-week classes and 1st 8-week minimesters:
Noon, **January 11, 2010.**

Login access to Internet classes begins for 2nd 8-week minimesters: **Noon, March 17.**

It is strongly encouraged that students begin working in their Internet Classes on the first day of the semester.

BLACKBOARD ACCESS:
<http://rccc.blackboard.com>

Final Deadline Alert! Access each internet class by 5:00 pm:

- 16 week classes: January 21
- 1st 8-week minimester: January 14
- 2nd 8-week minimester: March 22

Students who do not meet this deadline will be automatically withdrawn.

Step Five: Participate!

- Use your college e-mail account for all e-mail communication.
- Meet assignment and testing deadlines set by the instructor.
- Spend an average of two hours (or more) per course credit hour each week on coursework.
- Actively participate in the Internet course and weekly contact with the instructor.
- Adhere to the testing requirements of the instructor, including on-campus testing if specified.

Internet Classes

These classes are delivered via the Internet through a variety of online techniques such as lecture, video clips, online discussions, e-mail exchanges, chats, and case studies to mention a few. Internet students have no scheduled sessions on campus, although instructors reserve the right to require test-taking in the on-campus testing center. Internet classes are designed to give the student maximum flexibility; however, the student is expected to meet assignment and testing deadlines which provide a framework to promote student progress.

Online Orientation

All students who are new to Internet classes at RCCC are encouraged to complete the Online Orientation prior to accessing his/her Internet course.

For detailed instructions go to: <http://www.rowcabarrus.edu/distance/orientations.html>.

Internet Course Access

Visit <http://rccc.blackboard.com> for login directions, to access your class(es) and to view important dates and instructions.

Workshop Schedules

Several free workshops are available to RCCC students, including an Introduction to Blackboard and various Microsoft operating systems and applications. Go to <http://www.rowcabarrus.edu/labs/> and click on the "Free Workshops" link for more information.

What are the Academic and Skill Requirements?

These courses are reading and writing intensive and require the students to use a variety of computer and Internet technologies. If a student has not previously completed an Internet, Hybrid, or TeleWeb course at RCCC with a grade of "C" or better, he/she must have completed the following classes successfully*, received equivalent transfer credit for the courses, or must be enrolled in the courses at the time of pre-registration and expecting successful completion* prior to the beginning of the new semester/term.

- ENG 111 or both ENG 090 and RED 090 (or equivalent). If not, the student may enroll if he/she has achieved a Reading placement test score and Writing/Language placement test score that qualifies the student for placement into ENG 111.
- CIS 110, EGR 125, or EDU 271 (or equivalent). If not, the student may enroll if he/she has achieved a placement test score of 77 or better on the Technical Proficiency Exam.
**Successful completion is achieved by a grade of "C" or better (includes grades of "CE" but excludes "Audits").*

For information on the Reading, Writing/Language, and Math/Algebra Placement Tests (COMPASS/ASSET) or the Technical Proficiency Exam (TPE), please call or visit Student Services to make an appointment or to get more information. You must have a scheduled appointment to test.

Student Services: (704) 216-3593 for North Campus, or (704) 216-3637 for South Campus.

What are the Basic Computer Requirements for all Internet Classes?

Students are required to have access to and use particular software and equipment. For detailed information, please visit: <http://www.rowcabarrus.edu/distance/coursereqs/>

What are the Specific Course Requirements?

Please refer to <http://www.rowcabarrus.edu/distance/coursereqs/> for additional hardware and/or software required by the instructor.

For more information about Distance Education Courses, visit <http://www.rowcabarrus.edu/distance/>

Spring Semester 2010

I want to take a Hybrid Class, *what do I need to do?*

Step 1: Qualify

- **Be sure you meet the:**
 - Academic prerequisites specific to the class(es) you are interested in taking.
 - Academic and Skill Requirements (*details listed on the reverse of this page*).
 - Specific Course Requirements in addition to the basic computer requirements.
 - For details on all of these requirements:
<http://www.rowcabarrus.edu/distance/courseregs/>

Step 2: Register and Pay

- Please contact your advisor if you have any questions about these processes.

Step 3: Attend the First Face-to-Face Class

- **Hybrid courses meet on campus on specified days. See the Schedule for locations, times and dates.**
- **Attendance in the first class meeting is mandatory.** Attendance at all scheduled class meetings is expected. *Those students who do not attend the first class meeting and do not meet with the instructor during the following week will be dropped immediately.*
- All students who are enrolled in a Hybrid course will complete the orientation in Blackboard during the first face-to-face class session. Once the orientation steps are complete, the instructor will turn access on for each student in the Hybrid course.

Step 4: Access Your Class in Blackboard and Participate!

- Use your college email account for all e-mail communication.
- After your first face-to-face class, be sure to login to Blackboard each week, or as directed by your instructor. (<http://rccc.blackboard.com>)
- Many Hybrid courses offer the online portion of the course as the primary instructional environment, with the face to face sessions used for follow-up, hands on activities and presentation sessions.
- Students taking Hybrid courses must attend all on-campus sessions and complete the online coursework.
- Actively participate in the online portion of the course and keep in contact with the instructor.
- Meet assignment and testing deadlines set by the instructor.

RCCC Spring 2010 Term 2010 | Hybrid Course Details

Hybrid Course

This type of class combines an Internet Course with face-to-face instruction. A large amount of the course is delivered as an Internet course, accompanied by on-campus meetings for lecture, discussion, and presentations.

Hybrid courses meet on campus on specified days (*see the semester schedule for locations, times and dates*).

Students will not have access to the Blackboard (Internet) portion of the course until the Instructor's first meeting with the class.

Hybrid Student Attendance

Attendance in the first class meeting is mandatory. Attendance at all scheduled class meetings is expected. *Those students who do not attend the first class meeting and do not meet with the instructor during the following week will be dropped immediately.*

Hybrid Orientation

All students who are enrolled in a Hybrid course will complete the orientation in Blackboard during the first face-to-face class session. Once the orientations steps are complete, the instructor will turn access on for each student in the Hybrid course.

For details on this process please visit: <http://www.rowancabarrus.edu/distance/orientations.html>.

Blackboard Course Access

Visit <http://rccc.blackboard.com> for login directions, to access your course(s) and to view important dates and instructions.

Workshop Schedules

Several free workshops are available to RCCC students, including an Introduction to Blackboard and various Microsoft operating systems and applications. Go to <http://www.rowancabarrus.edu/labs/> and click on the "Free Workshops" link for more information.

What are the Academic and Skill Requirements?

These courses are reading and writing intensive and require the students to use a variety of computer and Internet technologies. If a student has not previously completed an Internet, Hybrid, or TeleWeb course at RCCC with a grade of "C" or better, he/she must have completed the following classes successfully*, received equivalent transfer credit for the courses, or must be enrolled in the courses at the time of pre-registration and expecting successful completion* prior to the beginning of the new semester/term.

- ENG 111 or both ENG 090 and RED 090 (or equivalent). If not, the student may enroll if he/she has achieved a Reading placement test score and Writing/Language placement test score that qualifies the student for placement into ENG 111.

How Do I Do That?

Computer Software Questions Answered

FREE • 24/7

College students barely have enough time in the day for all that studying. You certainly can't afford to let software struggles slow you down. RCCC and Atomic Learning provides **free**, just-in-time answers to your "how do I do that?" software questions.

Blackboard

Microsoft Office

Windows

Pagemaker

Podcasting

iTunes

TI 84 Calculator

... and more!

Get online and get answers when you need them.

- Answer the quick software questions you have while doing assignments
- Learn new skills to prepare you for your future career
- Keep up-to-date on your technology knowledge – podcasts, blogging, web-design and more!

Help! How do I...

Create a Powerpoint presentation, Word document, Excel spreadsheet, Web Page, Blog or Podcast?

Figure out how to use my TI 84 calculator?

Use my new computer that came with Microsoft Vista?

Use Blackboard (students and faculty)?

Create a playlist in iTunes?

Use _____? Insert your software application here – Atomic Learning offers tutorials of hundreds of programs.

Atomic Learning is here and ready for you from wherever you have Internet access! Atomic Learning provides web-based software training for hundreds of applications.

The tutorials include audio and video/graphics, and are short, easy-to-view-and-understand. Best of all, they were created with the dialup-Internet users in mind (not a bandwidth hog).

How to access: Go to <http://highed.atomiclearning.com/>

How to login: Right now, everyone uses the same global login, since there is no individual tracking or reporting. We can explore customized logins as use increases. The username is **rccc** and the password is **student**. Once you login, just click on the "Our Tutorials" link to look for your desired topic.

Tip: Just click "yes" when the MIME question appears on your screen.

Note: If accessing the tutorials in open lab areas, you will want to bring a headset, earbuds, or the like, so the audio won't disturb others.
